Learn About The Ventura County Coalition For Compassionate Care (VCCCC) and What Membership Could Mean to You!

Dr. Carlo Reyes, MD, JD, emergency physician and the Assistant Medical Director at Los Robles Hospital and Medical Center, will be discussing how he understands a patient's goal of care and navigates when there is conflict or a change in care goals. He will share his personal experiences in the medical field and how he has learned to communicate clearly with his patients and their families.

Laura Zempel, MSW, RN, will be sharing her experiences working with families and medical staff in her position as the Palliative Care Nurse at Los Robles Hospital and Medical Center. She will share tips on communication strategies and how to align with patient's hopes while also discussing care goals.

Who Should Attend: Physicians, nurses, social workers, agencies that serve seniors, and everyone interested in learning more!

Thank you to our sponsors:

VC CCC mission is to promote timely advanced care planning and understanding of life-sustaining treatments for the healthcare professionals and residents of Ventura County.
