#	Topic	Action Items
1	Formstack Revisions on Risk Level Reporting- Committee to continue discussion on pt. risk level at the time of referral and revision of Formstack to create a separate column to track data for trend analysis– Sally & Bonnie to update committee on feasibility of reporting risk scores to HH alliance members. Committee to create a cross reference chart to integrate into corresponding risk levels of low, medium, high.	CMH and Dignity hospitals will be ready for rollout November 1 st . They will communicate with us prior to rollout where in referral document risk level will be.
2	UTI trend analysis & PI: <i>Committee members agreed on tackling UTI. Discussion to look into available resources, CMS, HSAG, Hospitals/Rehabs/Agencies individual efforts. The idea is to see if we are able to create standards of care to implement best practices for every agency to follow. How much control do we have to catch it sooner & prevent sepsis based on pt risk factors. pt/pcg teaching, clinical training, physician input, etc...</i>	Discussion about new UTI teaching tool. Each agencies to run by their powers that be and then start to pilot. Discussion ensued on what to include on form HHAVC lol short statement etc. Shelley to send out original for agencies to add logo.
3	Data Review: Next meeting review of 3 rd quarter data.	Agencies to have formstack complete by October 31 st .
